★Makoa Painton *Sunrise Ridge Intermediate, St. George, UT*

★Laird Penny *Nauset Regional Middle, Cape Cod, MA*

Robots!

Computer Science is now part of the core curriculum, and we launched after school Coding Club for all students. Children write code for the Dash and Dot robots to solve challenges — learning and having fun in the process!

ANNUAL REPORT ~ 2017/2018

Waimea Country School's mission is to educate children to become confident, responsible, and compassionate people.

Children in all classes learned and developed skills through classroom instruction, collaborative projects, interactive learning trips, and, most importantly, through hands-on experiences.

Koa 4th/5th multiage students took an overnight learning trip to Hawaii Volcanoes National Park as the culmination of their study of earth sciences. Koa's 2nd/3rd multiage students became a famous explorer to recount their accomplishments to visitors during Explorer Day. 'Ohi'a K/1st multiage students became paleontologists, digging for "fossils". Learning by doing is a hallmark of our program.

Kumu Mila Polevia and Kumu Leia Lawrence taught music and hula, a program rich in Hawaiian culture, culminating in the annual May Day performance.

Major upgrades to our campus included replacing the fence in the backyard, rebuilding the garden sink, and refurbishing the playhouse. In addition, the WCS

Parent Association renovated our Ma'o hau hele classroom to create a beautiful and welcoming shared space.

Mahalo!

Volunteers Make a Real Difference!

Our Waimea Country School 'Ohana contribute in many ways, giving their time, energy, creativity, expertise, and hard work because they are inspired to be fully engaged in our community. And we are all enriched by it! Mahalo nui loa!

**1,904 volunteer hours contributed by
154 adults and children**
